MESSAGE

Prof. D. Rajasekar, Head, AMET Business School

The AMET Business School started functioning in AMET University from the year 2001 keeping in view to meet the national need of qualified and trained manpower in the field of Shipping and Logistics Management. The department is offering a degree programme at bachelor, masters and doctoral levels.

The fundamental aspects shipping, logistics management, import and export documentation, cargo handling, and other related programs are imparted to the students. They are also exposed to the high-end relevanttopics of finite element methods, quality assessment, and control, use of various software required by the practicing shipment and logistics management of the field.

The students are encouraged to take up challenging projects and to participate in extra-academic activities for overall development. The aim is to make a Shipment and Logistics who can take up the challenges and shoulder the responsibilities as demanded. We highly value our association with industries, alumni, and well-wishers of AMET University.

I invite representatives from the industrial and consulting organizations to our campus to meet the graduating students and give them the opportunity to serve your organization. With best wishes!

PREAMBLE

AMET is India's first Deemed to be University in Maritime Education which is ranked as 3rd among Maritime Universities of the World in the PIMET (Performance Indicators in Maritime Education and Training) Ranking of International Association of Maritime Universities (IAMU). Established during 1993, AMET's uncompromising strides of excellence in the field of maritime education and training laced with its capacity to feed the global shipping industry with an unrivalled maritime human resource secured it to have many national and international recognitions, accreditations and rankings such as NAAC, NIRF, ARIIA, DGS-CIP, PIMET etc.

AMET serves as an ocean of knowledge for over 4000 students pursuing Programmes ranging from diploma to Doctoral programs through 9 schools and 23 intensive research and training centres for marine and marine related activities. Equipped with an excellent infrastructure for research and development, co-curricular and extracurricular activities AMET secured its compliance certificate for ISO 9001:2015 QMS standards from the prestigious and globally renowned DET NORSKE VERITAS, Norway.

For over two decades AMET is remaining as the favourite destination for campus interviews by many shipping giants such as AP MOLLER MAERSK, GOODWOOD, NYK, SONANGOL, VSHIPS, WALLEMS, SHELL, CHEVRON, STENA and so goes a list of over 100 companies.

Besides positions on board, AMET Business School graduates have secured lucrative jobs in *commercial shipping sectors such as chartering and ship broking. Never the less, Naval architecture, petroleum engineering, harbour engineering, marine electrical and electronics engineering graduates have successfully walked away from AMET with jobs offering sumptuous packages along with an opportunity to grow*

and glow in their career swiftly. Needless to say, about the entrepreneurship development activities nurtured into AMET'ians has been found rewarding by students who are chief executive officers of their ownorganization.

The has signed the MoU with University of Stathclyde, Scotland, Edge Hill University, UK, Business College of Athens, Greece, Greek Institute of Maritime Education Greece, INTI International University, Malaysia, James Cook University (Singapore Campus), City of Glasgow College, UK and University of Plymouth, UK.

VISION AND MISSION OF THE UNIVERSITY

VISION

To sustain identity as a World Class Leader in Maritime Education and empower learners with wholesome knowledge through progressive innovation in training, research and development which will render students a unique learning experience and a transformation impact on the Global Society.

MISSION

AMET will strive continuously to:

- **Impart value-based higher education and technical knowledge with uncompromising strides of outstanding quality.**
- **Emerge as a Centre of Excellence inculcating skill development in recent technologies byindustrial trends.**
- **Create World-class research capabilities on par with the finest in the world and broadenstudent's horizons beyond classroom education.**
- **Nurture talent and entrepreneurship to enable all-round personality development among students.**
- **Empower students across socio-economic strata**
- **Make a positive difference to society through technical education.**

QUALITY POLICY

AMET is committed to provide the highest quality in education and be the most preferred institution for pursuing marine and marine-related courses.

This will be achieved by a consistent focus on:

- Providing a conductive, vibrant, progressive and enriching learning atmosphere.
- Teaching excellence and research output.
- Global outlook and engaging with the world through learning, teaching and research.
- Providing competitive advantage in gaining employment for further academic opportunities.
- Maintaining excellent links with commerce and industry in both national and international.
- Complying with all applicable requirements and continually improving the effectiveness of the Quality Management System.

AMET Business School
Vision Mission of the Department

Vision of AMET Business School

To continuously upgrade the quality of our curriculum, pedagogy and research pursuits in order to achieve the status of one of the top-ranking institutions in the Maritime Management Education in the world.

Mission of AMET Business School

- To be a source of effective value based managerial talent for the sustained development of Maritime Trade, Commerce and Industry not only in India but across the Globe.
- To emerge as a Centre of Excellence in technical, managerial and leadership in maritime trade and business based industrial needs.
- To produce and disseminate world-class, cutting edge research that shapes the way Organisations operate and businesses are led and managed.
- To produce world-class, socially responsible, creative leaders and entrepreneurs who think on a global scale.
- To endow students with the educational opportunity belonging to different socioeconomic backgrounds.
- To engage meaningfully with maritime trade and business to create a better society.

Further the AMET Business School, AMET University imparts excellent knowledge and practice in the field of Shipment and Logistics Management. The students learn under the guidance of faculty members who have vast experience and have had eminent positions in various fields. This not only adds up benefiting the department morally but also builds an introspective view of the industry. The departmenthas come to be one of its kind, where the approach towards the academics is not only theoretical but also practical, where the students are trained on latest technical software and also trained on manual drawings. From the beginning of the course itself, the students have been exposed to shoulder various situations in order to become not only responsible and sincere students but also become more pragmatic individuals. Exposure to real industrial problems is given adequate importance.

The department also has diversified student community which caters to learning and their multilingual background engages in communalexchange. This also makes learning more interesting and initiates a sense of teamwork and also maintains unity in diversity. On completion of the degree, our students will be capable of providing clients with Shipment solutions, financial solutions, and management for concept design studies, new vessel shipment, Cargo handling and ship chartering. In addition to which some students undergo Dual Degree

programme which offers them a Diploma and Advanced Diploma in Business Management. Students are given software training with the Shipment and logistics related software which enable us to understand the shipment, cargo handling and logistics management aspects in-depth and also helps them to deliver theirbest while working in the industry.

AIMA BizLab Software – it is virtual business laboratory designed for management graduates to offer them hands-on-experience on Management concepts and make them industry-ready.

Academic Programs

1. **Doctorate Programme leading to Ph. D degree**

2. **Master's Programme of 2 years leading to M.B.A Shipping and Logistics Management degree**

Program Educational Objectives (PEOs)

The MBA-Shipping and Logistics Management graduates will

PEO1: Become successful and competent, innovative and productive in addressing the needs of the Industry.

PEO2: Have a successful career in Shipping and Logistics Sector with sound technical and managerial leadership.

PEO3: Demonstrate high standard of ethical conduct, positive attitude and societal responsibilities in their chosen areas of career.

PEO4: Pursue higher education or research in maritime areas of management.

Program Outcomes (POs)

PO1: Apply knowledge of management theories and practices to solve business problems.

PO2: Foster Analytical and critical thinking abilities for data based decision making.

PO3: Ability to develop Value based Leadership ability.

PO4: Ability to understand, analyze and communicate global, economic, legal, and ethical aspects of business.

PO5: Ability to lead themselves and others in the achievement of organizational goals, contributing effectively to a team environment.

PO6: Inculcate innovative thinking and entrepreneurial orientation.

PO7: Apply systems and processes used in the functional areas of business and organisational development.

PO8: Demonstrate ability to undertake lifelong learning.

AM LOGISTICS

SEA & AIR

Customs Clearing & Forwarding Agent

Date: 27.03.2023

Appointment Letter

Dear Rajesh Kanna B,

Following our comprehensive selection process, we are delighted to offer you the position of **Supply chain in-charge** at **AM Logistics Sea & Air**, Customs Clearing and Forwarding Agent based at our **Chennai facility**. This appointment is a testament to your skills and experience, and we believe you will be a valuable addition to our team. In this role, you will be instrumental in optimizing our supply chain, ensuring the efficient and timely movement of components and equipment. You will be the crucial link coordinating with our production planning, warehouse, dispatch teams, and transport partners to uphold our standards of operational excellence.

We are confident that this role will provide a challenging and rewarding environment to further develop your expertise in industrial logistics and contribute significantly to our manufacturing legacy. Your employment with us will commence on **27nd March 2025**. Your annual compensation will be **₹25,000/-** (Rupees Twenty Five Thousand Only), subject to statutory deductions as per applicable laws. A detailed breakdown of your salary structure will be provided during your onboarding process. Please confirm your acceptance of this offer by signing and returning the scanned copy of this letter to us on or before **25th April 2025**.We look forward to welcoming you to the Schwing Stetter family and achieving new heights together.

Best regards,

For AM LOGISTICS
