MESSAGE

Prof. D. Rajasekar, Director, AMET Business School

The AMET Business School started functioning in AMET University from the year 2001 keeping in view to meet the national need of qualified and trained manpower in the field of Shipping and Logistics Management. The department is offering a degree programme at bachelor, masters and doctoral levels.

The fundamental aspects shipping, logistics management, import and export documentation, cargo handling, and other related programs are imparted to the students. They are also exposed to the high-end relevanttopics of finite element methods, quality assessment, and control, use of various software required by the practicing shipment and logistics management of the field.

The students are encouraged to take up challenging projects and to participate in extra-academic activities for overall development. The aim is to make a Shipment and Logistics who can take up the challenges and shoulder the responsibilities as demanded. We highly value our association with industries, alumni, and well-wishers of AMET University.

I invite representatives from the industrial and consulting organizations to our campus to meet the graduating students and give them the opportunity to serve your organization. With best wishes!

MESSAGE

Dr. R. Srinivasan, Professor & Head, AMET Business School

Established in 2001, the AMET Business School was founded with a clear vision: to address the national demand for skilled and qualified professionals in the fields of Shipping and Logistics Management. Today, the department offers comprehensive degree programs at the bachelor's, masters, and doctoral levels. Our curriculum is built on a strong foundation of essential subjects, including shipping, logistics management, import-export documentation, and cargo handling. To ensure our students are industry-ready, we also provide advanced training in high-end areas such as finite element methods, quality assessment and control, and the specialized software essential to modern shipping and logistics practice. Our goal is to shape competent shipping and logistics professionals who are prepared to take on complex challenges and shoulder significant responsibilities. We deeply value our ongoing association with industry partners, our distinguished alumni, and the well-wishers of AMET University. I take this opportunity to invite representatives from industrial and consulting organizations to visit our campus, interact with our graduating students, and explore the opportunity to have them contribute to your organization.

PREAMBLE

AMET is India's first Deemed to be University in Maritime Education which is ranked as 3rd among Maritime Universities of the World in the PIMET (Performance Indicators in Maritime Education and Training) Ranking of International Association of Maritime Universities (IAMU). Established during 1993, AMET's uncompromising strides of excellence in the field of maritime education and training laced with its capacity to feed the global shipping industry with an unrivalled maritime human resource secured it to have many national and international recognitions, accreditations and rankings such as NAAC, NIRF, ARIIA, DGS-CIP, PIMET etc.

AMET serves as an ocean of knowledge for over 4000 students pursuing Programmes ranging from diploma to Doctoral programs through 9 schools and 23 intensive research and training centres for marine and marine related activities. Equipped with an excellent infrastructure for research and development, co-curricular and extracurricular activities AMET secured its compliance certificate for ISO 9001:2015 QMS standards from the prestigious and globally renowned DET NORSKE VERITAS, Norway. For over two decades AMET is remaining as the favourite destination for campus interviews by many shipping giants such as AP MOLLER MAERSK, GOODWOOD, NYK, SONANGOL, VSHIPS, WALLEMS, SHELL, CHEVRON, STENA and so goes a list of over 100 companies.

Besides positions on board, AMET Business School graduates have secured lucrative jobs in commercial shipping sectors such as chartering and ship broking. Never the less, Naval architecture, petroleum engineering, harbor engineering, marine electrical and electronics engineering graduates have successfully walked away from AMET with jobs offering sumptuous packages along with an opportunity to grow and glow in their career swiftly. Needless to say, about the entrepreneurship development activities nurtured into AMET'ians has been found rewarding by students who are chief executive officers of their own organization. The has signed the MoU with University of Stathclyde, Scotland, Edge Hill University, UK, Business College of Athens, Greece, Greek Institute of Maritime Education Greece, INTI International University, Malaysia, James Cook University (Singapore Campus), City of Glasgow College.

VISION AND MISSION OF THE UNIVERSITY

VISION

To sustain identity as a World Class Leader in Maritime Education and empower learners with wholesome knowledge through progressive innovation in training, research and development which will render students a unique learning experience and a transformation impact on the Global Society.

MISSION

AMET will strive continuously to:

- Impart value-based higher education and technical knowledge with uncompromising strides of outstanding quality.
- Emerge as a Centre of Excellence inculcating skill development in recent technologies by industrial trends.
- Create World-class research capabilities on par with the finest in the world and broaden student's horizons beyond classroom education.
- Nurture talent and entrepreneurship to enable all-round personality development among students.
- Empower students across socio-economic strata
- Make a positive difference to society through technical education.

QUALITY POLICY

AMET is committed to provide the highest quality in education and be the most preferred institution for pursuing marine and marine-related courses.

This will be achieved by a consistent focus on:

- ***Providing a conductive, vibrant, progressive and enriching learning atmosphere.***
- ***Teaching excellence and research output.***
- ***Global outlook and engaging with the world through learning, teaching and research.***
- ***Providing competitive advantage in gaining employment for further academic opportunities.***
- ***Maintaining excellent links with commerce and industry in both national and international.***
- ***Complying with all applicable requirements and continually improving the effectiveness of the Quality Management System.***

AMET Business School

Vision Mission of the Department

Vision of AMET Business School

To continuously upgrade the quality of our curriculum, pedagogy and research pursuits in order to achieve the status of one of the top-ranking institutions in the Maritime Management Education in the world.

Mission of AMET Business School

- **To be a source of effective value based managerial talent for the sustained development of Maritime Trade, Commerce and Industry not only in India but across the Globe.**
- **To emerge as a Centre of Excellence in technical, managerial and leadership in maritime trade and business based industrial needs.**
- **To produce and disseminate world-class, cutting edge research that shapes the way Organisations operate and businesses are led and managed.**
- **To produce world-class, socially responsible, creative leaders and entrepreneurs who think on a global scale.**
- **To endow students with the educational opportunity belonging to different socioeconomic backgrounds.**
- **To engage meaningfully with maritime trade and business to create a better society.**

Further the AMET Business School, AMET University imparts knowledge and practice in the field of Shipment and Logistics Management. The students learn under the guidance of faculty members who have vast experience and have had eminent positions in various fields. This not only adds up benefitingthe department morally but also builds an introspective view of the industry. The department has come to be one of its kind, where the approach towards the academics is not only theoretical but also practical, where the students are trained on latest technical software and also trained on manual drawings. From the beginning of the course itself, the students have been exposed to shoulder various situations in order to become not only responsible and sincere students but also become more pragmatic individuals. Exposure to real industrial problems is given adequate importance.

The department also has diversified student community which caters to learning and their multilingual background engages in communal exchange. This also makes learning more interesting and initiates a sense of teamwork and also maintains unity in diversity. On completion of the degree, our students will be capable of providing clients with Shipment solutions, financial solutions, and management for concept design studies, new vessel shipment, Cargo handling and ship chartering. In addition to which some students undergo Dual Degree programme which offers them a Diploma and Advanced Diploma in Business Management. Students are given software training with the Shipment and logistics related software which enable

us to understand the shipment, cargo handling and logistics management aspects in-depth and also helps them to deliver theirbest while working in the industry.

AIMA BizLab Software – it is virtual business laboratory designed for management graduates to offer them hands-on-experience on Management concepts and make them industry-ready.

Academic Programs

1. **Doctorate Programme leading to Ph. D degree**

2. **Master's Programme of 2 years leading to M.B.A Shipping and Logistics Management degree**

VII. Articles Published During the Year by the Staff

In addition to books, the faculty maintains an active research agenda by publishing articles in esteemed national and international journals. The 21 articles published during the year cover diverse and relevant topics, from analyzing the service quality of inland container depots and the role of fisherwomen in socio-economic development to exploring the impact of ethical leadership and the challenges faced by HR professionals in the digital era. Many of these articles are published in Scopus-indexed and UGC-care listed journals, highlighting the quality and impact of their research.

Sl. No.	Title of the Paper	Authors	Name of the Journal	ISSN No.	Year
1	Real-time challenges in healthcare administration: a study across diverse healthcare setups in tamilnadu	Dr. R. Srinivasan	International Journal of Environmental Studies	2229-7359	2025
2	Marketing and branding strategies of corporate hospitals: a review of practices and effectiveness in coimbatore , tamilnadu	Dr. R. Srinivasan	International Journal of Environmental Studies	2229-7359	2025

VIII. Conference Presentation during the Year by the Staff

The faculty actively disseminate their research findings by presenting papers at various national and international conferences. During the 2024-2025 period, they delivered over 35 presentations on a wide array of cutting-

edge topics. These presentations, often published with ISBN numbers in conference proceedings, covered themes like AI in disaster management, Blockchain in supply chains, the influence of digital marketing, and the future of logistics transformation, showcasing their engagement with the latest developments in their fields.

IX. The Various Membership for our Faculties

The faculty members maintain strong connections with the broader academic and professional community through memberships in various prestigious organizations. These include life memberships in bodies like the International Institute of Organised Research (I2OR), editorial board memberships with international publishers, and associations with professional accounting and research societies. These memberships not only

enhance their own professional development but also bring valuable network and resources to the institution.

X. FDP Attended by our Faculties during::2024 -2025

Committed to continuous learning and pedagogical improvement, the faculty regularly participate in Faculty Development Programs (FDPs). During the year, they attended over 15 FDPs, both national and international, on themes such as "Ethics and Values for Teaching Professionals," "AI and Data Analytics," and "Green Technology." These programs, often spanning from 5 days to 8 weeks, ensure that the faculty remain at the forefront of educational technology, research methodologies, and ethical practices in the digital era.

XI. Students Home Internship Details for the Batch 2024-2025

A cornerstone of the learning experience at AMET Business School is the hands-on industry exposure provided through internships. For the 2024-2025 batch, 54 students completed internships at a wide range of reputed companies, including Timescan Logistics, Cochin Port Authority, DP World, and various freight forwarding and shipping firms. These internships, typically lasting one to two months, allowed students to gain practical experience in areas such as import/export documentation, chartering, and warehouse operations, effectively bridging the gap between theory and practice.

Sl No	Register Number	Students Name	Name of the Company	Internship Title	Internship Period
1	ASL23001	Abdul Cader Rms	Timescan Logistics	Imports And Exports Internship	3rd June 2024 To 3rd July 2024
